The power of Hindi, the language of India, is now in your hands!

This interactive Multimedia CD Rom that you hold in your hands will provide the learners of this magical language a systematic and scientific way to mastery of the language. Without for a moment doing away with the fun and excitement associated with the discovery of all things new and exciting!   Right from the vowels and consonants that form the basic Hindi alphabets, to the more advanced modules that gets the student to read and write sentences.

Includes lots of vocabulary, lessons, idioms, riddles, phrases, stories, songs and games too.

MONEY BACK 30 Days GUARANTEE

## The winning features of this CD-ROM are many:

A Superb Multimedia Experience: User-friendly, interactive, multimedia environment that makes learning Hindi a wonderful experience.

High Degree Of Interactivity: The learner never feels alone, thanks to the efficient assistance available, at every stage of learning. More than a mere 'how to do', it is a 'lets you do'.

100% User- Friendly: No complicated instructions or puzzling directives. Just simple routing from each page to every other page. Simple enough for the junior most learners!

Exciting Graphics, Crystal Clear Audio: Contains a variety of attractive, colorful sketches and crystal clear audio effects for easy learning and understanding.

Games And Tests For Assessment And Fun: Twins memory tests, test games, puzzles and other exciting tools to monitor and motivate.
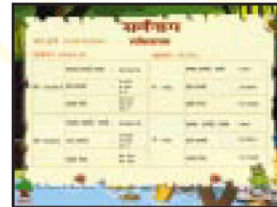

Accolades from users:

Congratulations for producing a very useful learning tool for non- Hindi speaking children (or even adolescents and adults)...   Dr.H.K Banerjee, Australia

Our daughter who is 6 years old has lots of fun in learning with this program...   Barbara Tewari, Germany

It is really nice and entertaining; learning Hindi with It is really fun...   Lev Dorosinskii, Turkey

Both my kids liked it. It is easy to start, no hassle of loading it on one computer, so we can take it along with us on our trips too...   Anuja Nath, USA

A lovely product, well worth the wait...
Pieterjan Vermeer, Netherlands

Our Quality Guarantee:

Purchase the CD-ROM, preview it, and if you do not like it, just return it and get your money back.

It's as simple as that.

THE WAY WE TEACH

This product the result of rigorous research that pays equal attention to designing the instructions as well as the contents. Unlike traditional methods, the emphasis is on speaking skill rather than writing or reading. Bundling the tremendous teaching efficiency and unparalleled experience of multimedia as a tool of learning.
